# Westlaw Edge

## The most intelligent legal research platform ever.

With state-of-the-art artificial intelligence powered by more than 100 years of attorney-edited annotations, Westlaw Edge™ elevates your legal research so you can work, think, and deliver even faster.

Upload a brief and Quick Check will analyze your document to recommend highly relevant authority not already cited

## Be prepared with Quick Check

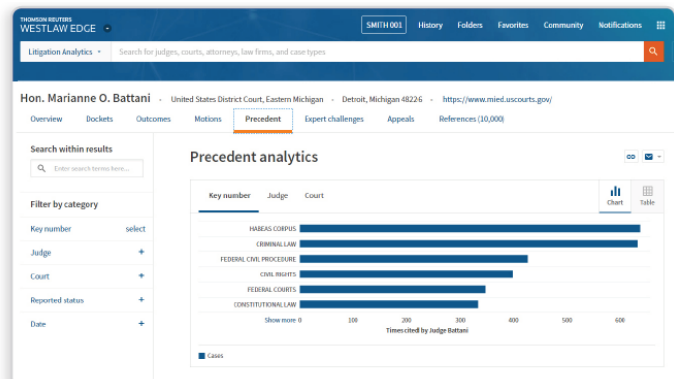

Upload your brief and in just minutes, Quick Check will identify the legal issues and show you relevant authority that traditional research may have missed. Rely on Quick Check to quality check a final draft, reveal weaknesses in an opponent's document, refresh a past winning argument, and more.

- KeyCite® provides the information you need to verify the cases you cite are still good law
- Filter out what you've already viewed or saved to a folder
- See additional details for why a suggested authority might be important
- Receive recommendations from the largest collection of secondary sources, briefs, and memoranda

## Be strategic with Litigation Analytics

Build the most powerful case strategy and manage client expectations with relevant, timely insights on judges, courts, attorneys, law firms, and case types – across the most state and federal dockets. Plus, with Precedent Analytics you can quickly uncover key insights into a judge based on topics, the cases a judge regularly relies on, and other judges he or she frequently cites.

- Set and manage client expectations for outcomes, timelines, and cost
- Evaluate the opposing counsel's experience
- Enjoy true integration for a fully seamless legal research experience

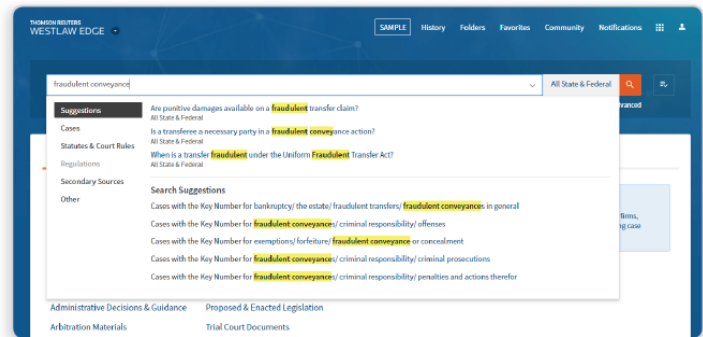

Example shown is judge information; data-driven insights are similarly available for courts, attorneys, law firms, and case types

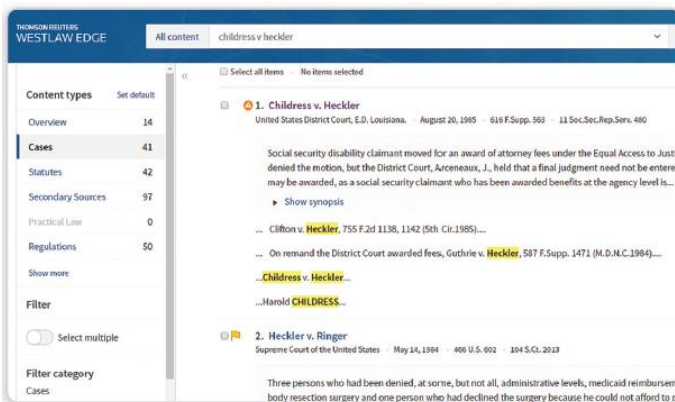

## Be responsive with WestSearch® Plus

Get better predictive research suggestions across thousands of legal topics so you can find authoritative answers even faster. Predictive typeahead leverages advanced AI technology to surface relevant queries in the global search box. When you select a suggested query, you'll go to the most relevant text without needing to scan the entire results list.

- Take advantage of the most powerful legal search engine, designed by attorneys for attorneys
- Get suggested answers quickly for thousands of legal topics
- Connect directly to the relevant underlying authority

As you enter your legal query, predictive type ahead serves up the most relevant search suggestions for a more focused result

## Be aware with KeyCite Overruling Risk

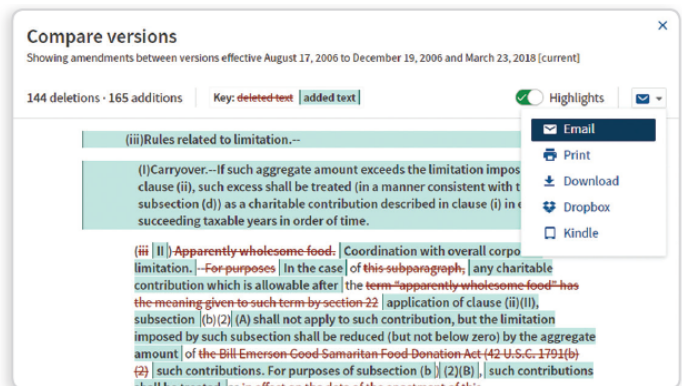

Trust you're citing good law. Only KeyCite Overruling Risk on Westlaw Edge cautions you when a point of law in your case has been implicitly undermined based on its reliance on an overruled or otherwise invalid prior decision.

- Get warnings on implicitly overruled points of law
- See an orange warning icon, similar to red and yellow flags, integrated into your research
- Use term navigation to easily pinpoint the language within a case that has been overruled
- Avoid reviewing each case manually to determine whether it cites an implicitly overruled point of law

## Be informed with Statutes Compare and Regulations Compare

Quickly understand how a statute or federal regulation has changed over time. With just one click, you can easily see the most recent changes to a statute or federal regulation right from the document, and compare any two versions from the History tab.

- Get coverage for all statutory content and federal regulations with versions
- Compare any two versions right from the History tab
- Download, print, or email the comparison

See the text that was deleted from the latest version in red strike-through, and text that was added to the latest version in blue with highlights

## PRIMARY LAW PLANS

Discover a more complete, connected way to work.

Primary law on Thomson Reuters Westlaw™ provides a deep base of foundational content that includes editorially enhanced state and federal caselaw, annotated statutes, regulations, and administrative materials, the industry's premier citator, KeyCite®, legislative materials and legislative histories, Graphical Statutes®, and more.

Primary law coverage with SynerG includes the following resources for all 50 states and the federal courts:

### Cases

Westlaw® offers the most comprehensive collection of cases and provides online access to the National Reporter System® so you can assess the potential of your law firm's case, learn about prevailing arguments in similar cases, and build a winning strategy. Westlaw's depth of caselaw coverage is unsurpassed, going back further than any other online research service. Also, the currency of our caselaw content is unmatched, with rulings from the U.S. Supreme Court typically published online within five minutes of the decision.

### Statutes, Court Rules, and Regulations

With exclusive online access to USCA® and the industry's only annotated CFR, Westlaw offers the most comprehensive collection of statutes, regulations, court rules, and administrative materials. Nationwide coverage of state administrative codes, federal and state court rules, and annotated, indexed statutes for all 50 states and the District of Columbia provides all the same titles found in law libraries across the United States, online, all in one place.

### KeyCite

KeyCite combines our tradition of editorial excellence with our leading-edge technological expertise to make verifying legal research easier and more efficient than ever. Use it to instantly verify whether a case, statute, regulation, or administrative decision is good law and to find citing references to support your legal argument.

### Key Number System

The West Key Number System® is the master classification system of U.S. law and widely regarded as the cornerstone of effective legal research. For over 100 years, West Topic and Key Numbers have offered legal researchers a convenient way to zero in on a particular legal issue and quickly find on-point cases.

### Graphical Statutes

Chart the legislative changes made to a state statute or code section and link to related content. With a click, you can see all previous, current, and future versions, track pending changes, and connect to pertinent legislative history, caselaw, and KeyCite history.\*

### Legislative History

Learn the intent and meaning of bills, statutes, and regulations (current and archived) when they are not well interpreted by the courts and agencies. Assess the extent to which a statute supports a claim or authorizes regulatory measures.\*

### Westlaw Profiler®

Profiler provides background information on attorneys, judges, and expert witnesses from across the nation. It retrieves the subject's profile and a verified results list of documents that reference the person you are researching. Sources include Profiles of Attorneys, Judges and Expert Witnesses, and Profiles of Intellectual Property Professionals.

### Proposed and Enacted Legislation

View the full text of available bills (introduced, amended, and enacted versions) plus summaries and status information from current and recently ended legislative sessions.

### Other content

Other content included in the Primary Law plans on Westlaw includes:

- Westlaw directories
- Public laws
- Uniform Commercial Code
- FINRA Arbitration, and more
